

Conference venue

Author: Gabriele Brennhaugen<post@ua21.no>

(29.08.2007) The Conference will take place at the University of Stavanger and in the surrounding area of Ullandhaug, approximately 5 kilometers outside of the city centre.

The daily programme includes morning plenary sessions with keynote speakers and children's presentations, workshops, action groups, etc.

The university holds a very high standard in terms of buildings, audio-visual equipment, cafeterias, etc. The surrounding area is home to a number of historic sites and also to a Botanical Garden as well as an Organic Farm. These sites will be included in the programme and help decrease the need for transport.
